Abstract

This is a sample abstract for submitting a talk proposal for any special session at ACA 2013. You should send the tex file and a pdf version of your proposal.

Please, follow the specific submitting instructions for sending your proposal but do not forget to send the tex and pdf versions.

You can check the list of accepted Special Session and any other information about the Conference at <http://aca2013.uma.es/>

Once your abstract is accepted, you can send to the Session chair(s) of the corresponding Special Session an extended version (short paper up to 5 pages) in order to be included in the Proceedings (with ISBN).

In case you want to send an extended version for Proceedings, you should follow the standard **section** and **subsection** structure. The extended version should start with an introduction section and Bibliography should be the last part. Please, remember that extended version should not be longer than 5 compiled pages.

In case you do not want to send an extended version, only a one/two page(s) abstract will be published in the Proceedings.
